FOREWORD.

Claims based on Water Records, allotments or privileges, as outlined in the series of reports on "Water Records Appurtenant to Indian Reserves in British Columbia" were heard by the Board of Investigation under the Water Act, at the following times and places:-

Lytton Indian Agency - (Report No. 1).

Meetings held at Lytton, B.C. on June 9, 10 and 11, 1920, to hear claims under the Water Act 1914.

Kamloops Indian Agency - (Report No. 2).

At Merritt, B.C. - July 15, 1921 - Claims under "Water Act 1914".

June 20, 1923 - Claims under "Water Act 1914".

May 11, 1922 - Claims under "Indian Water Claims Act, 1921".

At Kamloops, B.C. July 18, 1921 - Claims under "Water Act, 1914".

Okanagan Indian Agency - (Report No. 3).

At Penticton, B.C. - July 21, 1921 - Claims under "Water Act, 1914".

At Keremeos, B.C. - July 22, 1921 - Claims under "Water Act 1914".

At Vernon, B.C. - Aug. 7, 1922 - Claims under "Indian Water Claims Act, 1921".

Kootenay Agency - (Report No. 4).

At Granbrook, B.C. - Aug. 26, 1921 - Claims under "Water Act, 1914".

Williams Lake Agency - (Report No. 5).

At Williams Lake, B.C. - Sept. 17, 1923 - Claims under "Water Act, 1914".

Supplementary reports have been prepared in order to show the status of all claims as a result of adjudication by the Board of Investigation. In cases where claims have been disallowed by the Board, or voluntarily abandoned by the Department of Indian Affairs, the reasons for such action are given.

Reference is made to Conditional Licences issued under Board Orders and to Conditional Licences acquired under applications to the Comptroller for further rights. A list of all licences issued to date, together with details, is appended to the supplementary report for each Agency.

Summary of
Adjudication

Board of Investigation (File 1-17-1).

Source--Otter River (or Meadow, O'Keefe's
Thorn or Akshuhuankehlap
Creek)

Quantity--Irrigation - 356 acres at 3 acre
feet per acre.
(1008 acre feet per annum)

Plans showing intakes and courses of ditches
to be filed with the Board before 1st March,
1923.

(File 2-17-1).

Source--Coyote Creek (or Louis, Round Woods,
Irish or Aksinkapalox
Creek).

Quantity--Irrigation - 78 acres at 3 acre
feet per acre.
(234 acre feet per annum).

Priority--29 January, 1897.

(File 3-17-1)

Source--Equisis Creek (or Six Mile, Drowned
Tsinklohootan or Sin-
sahutan Creek).

Quantity--Irrigation - 224 acres at 3 acre
feet per acre.
(672 acre feet per annum)

Priority--29 January, 1897.

(File 4-17-1).

(Continued on next Page)

Reserve

(Okanagan No. 1 con'd). 2.

Source--Siwash Creek (or Cedar or Naaskintak Creek).

Quantity--Irrigation - 224 acres at 3 acre feet per acre.
(672 acre feet per annum)

Priority--29 January, 1897.

(File 5-17-1).

Source--Whiteman's Creek (or Pack River, Bird or Nhuhlenam Creek).

Quantity--Irrigation - 168 acres at 3 acre feet per acre.
(504 acre feet per annum)

Priority--29 January, 1897.

Water for domestic requirements for the reserve from all the above sources,
21,000 gallons a day.Summary of allowances for irrigation.

Otter River	336 acres	1008 acre feet
Coyote Creek	78 "	234 " "

Siwash Creek	224 "	672 " "
Whitemans Creek	168 "	504 " "
Total	1030 "	3090 " "

(Board Note:- Over 5000 acres of this reserve are reported to be irrigable. If more water than is allowed above is required, application for further water rights should be made to the Comptroller)

Conditional Licences.

Coyote Creek	- C.L. 6680	issued under B.O. 3855
Equesis "	- C.L. 6698	" " " 4819
Siwash "	- C.L. 6692	" " " 3873
Whitemans "	- C.L. 6681	" " " 3860

All in accordance with above adjudication.

Equesis Creek. C.L. 8186 issued on application of Indian Agent for the diversion of 1713 acre feet per annum taking precedence from 6th October, 1924.Equesis Creek and Pinans Lake. C.L. 8187 issued on application of Indian Agent for storage of 1000 acre feet of water supplementary to Conditional Licences 6698 and 8186 and taking precedence from 6th October, 1924.Remarks

This Reserve is partly within and partly without the Railway Belt.

(Remarks continued on next Page)

Reserve

(Okanagan No. 1 continued)

3.

Remarks

(Con'd. from Page 2)

Claims to water under allotments submitted for record and published in the B.C. Gazette June 20, 1889, were disallowed on the ground that they are based on uncompleted applications.

Claim to water from O'Keefe's (Meadow, Thorn or Otter) Creek was officially abandoned on November 23, 1925, and subsequently cancelled under E.O. 3856. It was found impossible to obtain a gravity supply of water from this source owing to the very slight fall between Otter Lake and Okanagan Lake.

Storage works have been constructed at the outlet of Pinaus Lake and are to be maintained and used jointly under an agreement dated 16 July, 1925, between the Department of Indian Affairs and Mr. G.E. Massey, of Vernon, B.C.

Reserve

Okanagan I.R. No. 7--Duck Lake.

Claimed

I.R.C. Allotment 24th January, 1888, filed for record with Chief Commissioner of Lands & Works by I.W. Powell, Indian Superintendent--
All water required from stream flowing through reserve into Long Lake. (Vernon or Woods Creek).

Summary of Adjudication.

Board of Investigation (File 7-17-1).

Allowed under "Indian Water Claims Act".

Source---Vernon or Woods Creek.

Quantity--Irrigation-70 acres at 1½ acre feet per acre.
(105 acre feet per annum)
Domestic---500 gallons a day.

Irrigation Period--1st May to 1st July.Priority---30th January, 1897.Conditional Licence.

C.L. 6491 issued under Board Order No. 7874 in accordance with above adjudication.

Remarks

Proof of completion of works has been filed and a final licence will issue in due course.

Not in Railway Belt.

<u>Reserve</u>	Okanagan I.R. No. 9--Tsinstikeptum.
<u>Claimed</u>	I.R.C. Allotment 19th October, 1888--25 inches of water from Creek flowing into Okanagan Lake near western boundary of the reserve (Smith Creek). Provincial Water Record 5th March, 1901--200 inches of water from McDougall Creek.
<u>Summary of Adjudication.</u>	Board of Investigation (File 11-17-1). <u>Source</u>---McDougall Creek. <u>Quantity</u>--Irrigation--448 acres at 3 acre feet per acre. (1344 acre feet per annum). Domestic--2500 gallons a day. <u>Priority</u>---5th March, 1901.
<u>Conditional Licence.</u>	C.L. 7812 issued under Board Order No. 2190 in accordance with above adjudication.
<u>Remarks</u>	The above claims were heard under the Water Act 1914 on 21st July, 1921. At that time the claim to water from Smith Creek was disallowed because it was not based upon a Provincial record of water. No claim has been filed under the "Indian Water Claims Act 1921". The quantity authorized to be diverted from McDougall Creek is the equivalent of 200 miners inches flowing for a period of 120 days. No water is available from this stream after the end of June.

Not in Railway Belt.

Reserve Okanagan I.R. No. 10--
Claimed I.R.C. Allotment 19th October, 1888--25
inches from Creek flowing into
Okanagan Lake near the northern
boundary of the reserve.
Provincial Water Record 5th March, 1901--
50 inches of water from Keefe Creek.

Summary of
Adjudication. Board of Investigation (File 10-17-1).
Source---Keefe Creek.
Quantity--Irrigation--112 acres at 3 acre
feet per acre.
(336 acre feet per annum).
Domestic---1500 gallons a day.
Priority---5th March, 1901.

Board Note: 410 acres of this reserve are reported to
be irrigable. If it is intended to irrigate
the balance, application should be made for
further rights).

Conditional
Licence. 6682 *Sub letter of 9-6-26*
File 2543-A.
2288 C.L. 7612 issued under Board Order No.
2190 in accordance with above adjudica-
tion.

Earlier rights of other users:-

20th Feb. 1893--Lot 568 G.I., O.D.Y.D.,
40 acre feet--F.L. 3258.

Remarks

Claim to water under Allotment of 19th
October, 1888 disallowed because it was
not based upon a Provincial record of
water.

The quantity authorized to be diverted
is the equivalent of 50 miners inches
flowing for a period of 120 days.

No application for further rights has
been filed for the reason that the available
flow of water is insufficient for irriga-
tion requirements.

Not in Railway Belt.

Reserve

Penticton I.R.No. 1--Penticton (Area 47,829 acres)

Claimed

Water Privileges submitted for record and published in the B.C.Gazette June 20, 1889.

300 inches from Trout Creek
500 inches from Snake Creek
100 inches from Harrold Creek

Provincial Water Records:-

29 Jan. 1897 - 100 inches of water from Trout Ck.
29 Jan. 1897 - 100 inches of water from Snake Ck.
1 Feb. 1897 - 60 inches of water from Harrold Ck.

Summary of Adjudication

Board of Investigation (File 16-17-1)

Source--Trout Creek.

Quantity--Irrigation 672 acre feet per annum
Domestic 1000 gallons a day.

Priority--29th January, 1897.

Apportionment - 3 licences to issue.

Dominion Experimental } Irrigation--460 acre feet
Station. } Domestic--None

Antoine Pierre's land } Irrigation--68 acre feet
Domestic--500 gallons a day.

Cassimir Pierre's } Irrigation--144 acre feet
land } Domestic--500 gallons a day

(File 20-17-1)

Source

Source--Shatford Creek (formerly Sheep, Snake or Beaver Creek) and its tributary Shingle Creek.

Land--Parcel "J" only, near mouth of creek
(See plan No. 6 accompanying Water Records Report - Okanagan Agency)

Quantity--Irrigation - 224 acres at 3 acre feet per acre
(672 acre feet per annum)

Domestic--20,000 gallons a day.

Priority--29 January, 1897.

(File 21-17-1).

Source--Harrold Creek.

(Continued on next Page)

Reserve

(Penticton I.R.No.1
continued)

9

Quantity--Irrigation - 403 acre feet per annum.

Domestic - 5000 gallons a day.

Priority--1 February, 1897.

Plans shewing proposed intakes and courses of ditches to be filed with the Board before 1 March, 1923.

Conditional
Licences.

Trout Creek:

Dom.Ex. Station C.L.6492 issued under B.O.2360.
Antoine Pierre C.L.6493 " " " " 2392
Cassimer Pierre C.L.6494 " " " " 2393

Shatford Creek:

C.L.6691 issued under B.O.2629.

All in accordance with adjudication.

Shatford Creek:

C.L.7432 issued on application of Indian Agent to take and use 400 acre feet of water carried by the Kaleden flume under agreement dated 25 June, 1909, between the Chief and Indians of Penticton Band and James Ritchie, of Summerland, B.C. This agreement was ratified in February, 1923, by the Trustees of the Kaleden Irrigation District. The licence takes precedence as and from the date of the "Ritchie Record" namely 29 June, 1907.

Shingle Creek:

C.L.7415, issued on application of Indian Agent, for 720 acre feet of water to be used between 1 April and 30 June. This licence takes precedence from 20th May, 1911.

Remarks.

Claims based on list of I.R.C.Allotments submitted for record and published in the B.C.Gazette June 20, 1889, disallowed on the ground that they were based on uncompleted applications.

Claim to water from Marren Creek was officially abandoned 23 November, 1925, and was subsequently cancelled under B.O.2086. (The prior records of the Kaleden Irrigation District cover all the available supply of water from that source and the entire flow is diverted therefrom).

(Continued on next Page)

Reserve

(Penticton I.R.No. 1 continued) 10.

Remarks

(Continued)

For description of irrigable lands under
Sheep, Shingle, Warren and Trout Creeks
see Water Records Report No. 3 - Okanagan
Agency Pages 8, 9 and 10.

Not in Railway Belt.

Reserve

Penttiston I.R.No. 3-A.
 (Lot 3317 G.I., Osoyoos Division of Yale
 District)
 Received in exchange for Reserve No. 3.

Claimed

Provincial Water Record No. 1017, dated
 14th October, 1904, in name of W.Ritchie,
 Jr. - 300 inches of water from Spring Creek.

Summary of
Adjudication.

Board of Investigation (File 15-17-1)
 Plans to be filed.

Remarks

The above water record was granted to
 the former owner of Lot 3317, G.I., but
 was never used. On inspection it was
 found that the stream recorded is a tri-
 butary of Trout Creek which is heavily
 recorded in favour of the Municipality
 of West Summerland and others. The
 Ritchie scheme involved a diversion
 about three miles in length (two miles
 of which would necessitate fluming) to
 a dry creek bed leading to the reserve.
 This scheme has been reported as
 "impracticable and not worthy of con-
 sideration"

Claim to water under the above record
 was officially abandoned 23 November, 1925,
 and the record was subsequently cancelled
 under Board Order 2398.

Not in Railway Belt.

Reserve Lower Similkameen No. 4--Narcisse's Farm
(Area 1854 acres).

Claimed I.R.C. Allotment 30th October, 1888--10
inches of water from creek flowing
from west through centre of reserve.

Water Privilege--submitted for record and
published in B.C. Gazette 20th June
1889--20 inches of water from
Sintlehahtan Creek.

Provincial Water Record 30th January, 1897--
40 inches of water from Sintlehahtan
Creek.

Summary of
Adjudication. Board of Investigation (File 4-18-7).

Source---Sintlehahtan Creek (which is the
most southerly of the two creeks
flowing through the reserve).

Quantity--Irrigation--90 acres at 3 acre
feet per acre.
(270 acre feet per annum).

Domestic---6000 gallons a day.

Priority---30th January, 1897.

(Note:-Application to be made for further
supply of water for irrigation from
the above and other sources).

Conditional
Licences. C.L. 6684 issued under Board Order 1420
in accordance with above adjudication.

C.L. 7109 issued on application of Indian
Agent for 150 acre feet per annum out of
Narcisse Creek taking precedence from 18th
May, 1923. Supplementary to C.L. 6684 and
C.L. 7110.

C.L. 7110 issued on application of Indian
Agent for 522 acre feet per annum out of
Sintlehahtan Creek taking precedence from
18th May, 1923--Supplementary to C.L. 6684
and C.L. 7109.

Remarks Claim to water under Allotment dated 30th
October, 1888, disallowed because it was
not based upon a Provincial record of
water.

Claim to water from Sintlehahtan Creek
under date of 20th June, 1889, was dis-
allowed for the reason that it was based
upon an uncompleted application.

Not in Railway Belt.

Reserve

Lower Similkameen No.5--Joe Nahumcheen
(Area 1278 acres)

Claimed

I.R.C. Allotment 30th October, 1888--10
inches of water from a small creek
flowing through the reserve.

Water Privileges submitted for record and
published in the B.C. Gazette 20th
June, 1889--
10 inches from springs at the back
of Joe Nahumcheen's Farm.
500 inches to be taken from the
Similkameen River.

Provincial Water Records 30th January, 1897--
10 inches to be taken from spring
at back of Joe Nahumcheen's house
and farm.
100 inches from Similkameen River.

Summary of
Adjudication.

Board of Investigation (File 2-18-1).

Source---Spring on the reserve.

Quantity---Irrigation--22.4 acres at 3 acre
feet per acre.
(67.2 acre feet per annum)

Domestic---4000 gallons a day.

Priority---30th January, 1897.

(File 3-18-1).

Source---Similkameen River.

Quantity---Domestic--4000 gallons a day.

Priority---30th January, 1897.

Board Note:

(If water from the Similkameen River is re-
quired for irrigation, plans showing the
position of the intake and course of ditch
must be filed with the Board on or before
the 1st day of March, 1923, otherwise Water
Record No. 593 of 30th January, 1897, will
be cancelled.

Application should be made for a licence
to use the water of Sasap Creek which is
now being taken by the Indians.)

Conditional
Licences.

C.L. 6689 issued under Board Order 1433
for water from Spring in accordance with
above summary.

(Continued on next page).

C.L. 6663 issued on application of Indian Agent for 1025 acre feet per annum out of Susap Creek, taking precedence from 8th February, 1922.

Remarks

Claim to water under Allotment 30th October 1888, disallowed because it was not based upon a Provincial record of water.

Claim to water from spring and Similkameen River under date of 30th June, 1889, disallowed on the ground that they were based on uncompleted applications for water records.

Claims to water from Similkameen River were officially abandoned on 23rd November, 1925, for the reason that it is not considered economically feasible to obtain a gravity supply of water from the Similkameen River for this reserve. Several miles of ditch would be required with Right-of-Way through valuable lands. Such a system would not serve the bench land, where water is most needed, and the lowland, being sub-irrigated to a large extent, does not warrant the consideration of such a costly system at this time.

Should irrigation from the Similkameen River be contemplated at any time in the future there would be no difficulty in obtaining a record. Priority is of no importance whatever.

The Provincial Record of 30th January, 1897, for 100 inches from the Similkameen River was cancelled under Board Order No. 1368.

Not in Railway Belt.

Reserve

Lower Similkameen No. 6--Blind Creek
(Area 400 acres).

Claimed

I.R.C. Allotment 30th October, 1888--The unappropriated water of Blind and Causton Creeks is assigned to the use of the Indians.

Summary of
Adjudication.

Claim to water from Blind and Causton Creeks disallowed on the ground that it is not based upon a Provincial record of water.

Remarks

Application for a Conditional Licence was refused.

No water is available for this reserve.

Not in Railway Belt.

Reserve

Lower Similkameen Nos. 7 & 8--Skemeoskuankin

Claimed

Allotments submitted for record and published in the B.C. Gazette 20th June, 1889--
200 inches of water from Skam-kam-ska-nos-skis-tan Creek.
200 inches of water from Shoudy Creek.

Provincial Water Records 30th January, 1897--
100 inches of water from Skemeoskuankin Creek.

Summary of Adjudication.

Board of Investigation (File 1-18-1).

Source---Willamington Creek.

Quantity--Irrigation-224 acres at 3 acre feet per acre.
(672 acre feet per annum).

Domestic---14,000 gallons a day.

Priority--30th January, 1897.

(Board Note: As the area of these reserves reported to be irrigable from this and other sources is 3350 acres, application should be made for further rights.)

Conditional Licences.

C.L. 6702 issued under Board Order 1414 in accordance with above adjudication.

C.L. 7111 issued on application of Indian Agent for 500 acre feet per annum out of Shoudy Creek, taking precedence from 18th May, 1923--Supplementary to C.L. 6702.

Remarks

Claims to water under Allotments submitted for record and published in the B.C. Gazette of 20th June, 1889, were disallowed on the ground that they were not based upon Provincial Records of water.

Not in Railway Belt.

Reserve

Lower Similkameen No. 9--Alexis (Area
429 acres)

Claimed

Allotment submitted for record and published
in B.C. Gazette 20th June, 1889--
100 inches of water from Achegheptlat Creek.

Provincial Water Record 30th January, 1897--
100 inches of water from Achegheptlat Creek
(Big Rock or Tom Creek).

Summary of
Adjudication.

Board of Investigation (File 11-18-1).

Source---Tom Creek.

Quantity--Irrigation-175 acres at 3 acre
feet per acre.
(525 acre feet per annum).

Domestic---8000 gallons a day.

Priority--30th January, 1897.

(Note: Leave is granted to claimants to
apply to Comptroller for change of point
of diversion).

Conditional
Licences.

C.L. 6687 issued under Board Order 1311
in accordance with above adjudication.

C.L. 7084 issued on application of Indian
Agent for 447 acre feet of water per
annum out of Ashnola River, taking preced-
ence from 5th March, 1923--supplementary
to C.L. 6687.

Remarks

Claim to water from Tom Creek under date
of 20th June, 1889, was disallowed on
the ground that it was not based upon a
Provincial record of water.

Water authorized to be diverted from
Ashnola River is carried to the reserve
by works of the Keremeos Land Company
under agreement dated 5th June, 1909.

Not in Railway Belt.

Reserve

Lower Similkameen No. 10--Ashnola.

Claimed

Allotments submitted for record and published in the B.C. Gazette 20th June, 1889.

50 inches from Jim's Creek, which waters Thomas' farm, right bank of the Similkameen River, below the Ashnola River.
500 inches from Ashnola River.

Provincial Water Records - 30th January, 1897.

50 inches from Jim's Creek,
100 inches from Ashnola River.

Summary of Adjudication.

Board of Investigation (File 13-18-1)

Source--Ashnola River.

Quantity--Irrigation - 224 acres at 3 acre feet per acre
(672 acre feet per annum)

Domestic - 7500 gallons a day.

Priority--30 January, 1897.

(Board Note:- Application should be made for a supply of water to irrigate a further 739 acres from Ashnola River, also for water from Paul Creek in the N.W. corner of the Reserve).

Conditional Licence.

C.L. 6697 issued under Board Order 1307 in accordance with adjudication.

C.L. 7083 issued on application of Indian Agent for diversion of 275 acre feet of water per annum, from Paul Creek, taking precedence from 3 March, 1923.

Remarks.

Claims to water under allotments submitted for record and published in the B.C. Gazette of 20 June, 1889, were disallowed on the ground that they were based on uncompleted applications for water records. Provincial Record 30 January, 1897, found to be appurtenant to Ashnola I.R. 10-B-- Lower Similkameen. There is an amply supply of water available in Ashnola River - further rights may be acquired if and when desired.

Not in Railway Belt.

Reserve

Lower Similkameen No. 10-A (Area 3360 acres)

No Water
Claims.

Conditional
Licence.

No. 7082 issued on application, of Indian Agent.

Source--Paul Creek

Quantity--Irrigation - 65.4 acres at 3 acre
feet per acre.
(196.2 acre feet
per annum)

Domestic--5000 gallons a day.

Priority--3rd March, 1923.

Remarks.

The above licence provides for the irrigation
of all the irrigable land on this reserve.
An ample supply of water is available.

Not in Railway Belt.

Reserve Lower Similkameen No. 10-B - (Area 350 acres).

Claimed. Provincial Water Record 30 January, 1897.
"50 inches of water from Jim's Creek.

Summary of Adjudication. Board of Investigation (File 12-18-1)
Source--Jim's Creek.
Intake--"N" Water Rights Map 6901.
Quantity--Irrigation - 33 acres at 3 acre
feet per acre.
(99 acre feet per annum)
Domestic - 500 gallons a day.
Priority--30 January, 1897.

Conditional Licence. C.L. 6685 issued under Board Order 1316
in accordance with adjudication.

Remarks. The above licence provides for the irrigation
of all the irrigable land on the reserve.

Not in Railway Belt.

(Area 585 acres).

Claimed

Allotment submitted for record and published
in the B.C. Gazette 20th June, 1889--
"200 inches from Sinthutsepaskan Creek".

Provincial Water Record 30th January, 1897--
"100 inches from Sinthutsepaskan Creek".

Summary of
Adjudication.

Board of Investigation (File 14-18-1).

Source---Sinthutsepaskan Creek (the most
northerly of the two creeks in the
reserve).

Intake---"H" W.R. Map 6902.

Quantity---Irrigation--224 acres at 3 acre
feet per acre.
(672 acre feet per annum).

Domestic---24,000 gallons a day.

Priority---30th January, 1897.

(Board Note 22924 acres are reported to be
irrigable. Application should be made for
water to serve the balance of 65 acres not
allowed for above).

Conditional
Licence.

C.L. 6686 issued under Board Order 1312
in accordance with adjudication.

Remarks

Claim to water under Allotment submitted
for record and published in B.C. Gazette
20th June, 1889, was disallowed on the
ground that it is based on an uncompleted
application for a water record.

The quantity authorized to be diverted
under C.L. 6686 is equivalent to a flow
of 100 miners inches for a period of 120
days. No application for further rights
has been made, on account of lack of water
available.

Not in Railway Belt.

Reserve Upper Similkameen No. 2--Chuchuwayha
(Area 4,493 acres)

Claimed Water Privileges submitted for record and
published in the B.C. Gazette 20th June,
1889--
"300 inches from Similkameen River.
"500 inches from 20 Mile Creek.
"300 inches from N-kam-sit-ko Creek.
"25 inches from Chuchuwayha Creek.
"200 inches from N-kam-a-hi-nat-ko Creek.

Provincial Water Records 30th January, 1897--
"200 inches from Similkameen River.
"100 inches from 20 Mile Creek.
"100 inches from N-kam-sit-ko, Akspepaptain
and Chuchuwayha Creeks.
"100 inches from Nkamahinat Creek.

Summary of
Adjudication. Board of Investigation (files 17/18-18-1).
Sources---Gahill (Ekansiko or 18 Mile)
Creek, Rodgers (16 Mile) Creek.
Intakes---"O" W.R. Map 6902 and "J" "K" "L"
"M" W.R. Map 6903.
Quantity---Irrigation-310 acres at 3 acre
feet per acre.
(930 acre feet per annum.)
Domestic---10,000 gallons a day.
Priority---30th January, 1897.
(File 16-18-1).
Source---Similkameen River.
Intakes---"H" W.R. Map 6903 (and "W" & "P"
subject to agreement with the
Baly Reduction Company).
Quantity---Irrigation-143 acres at 3 acre
feet per acre.
(429 acre feet per annum).
Domestic---10,000 gallons a day.
Priority---30th January, 1897.
(File 19-18-1).
Source---Hedley (20 Mile Creek).
(Board Note: If water from Hedley Creek is
required for irrigation, plans showing
the position of the intake and course of

(Continued on next page).

the ditch must be filed with the Board on or before the 1st day of March, 1923, otherwise Water Record No. 583 of 30th January, 1897, will be cancelled).

Conditional
Licences.

C.L. 6672 issued under Board Order 1314, for water from Cahill and Rodgers Creeks, in accordance with adjudication.

C.L. 6688 issued under Board Order 1305 for water from Similkameen River, in accordance with adjudication.

Remarks

The above licences provide for the irrigation of all the irrigable land lying below ditches from Cahill and Rodgers Creeks also all land which can be irrigated from the Daly Reduction Company's power flume from the Similkameen River.

Claims to water under allotments submitted for record and published in the B.C. Gazette of 20th June, 1889, were disallowed on the ground that they were based upon uncompleted applications for water records.

Claim to water from Hedley Creek was officially abandoned 23rd November, 1925, for the reason that it is extremely improbable that any attempt will ever be made to obtain water from Hedley Creek owing to the difficulties and expense of constructing an irrigation system to provide an adequate supply. Provincial Water Record dated 30th January, 1897, for 100 inches from this source was cancelled under Board Order 1335.

Not in Railway Belt.

<u>Reserve</u>	Upper Similkameen No. 3 - Wolf Creek (518 acres)
<u>Claimed</u>	Allotment submitted for record and published in B.C.Gazette 20th June, 1889. 100 inches of water from Wolf Creek. Provincial Water Record, 30 January, 1897. 100 inches of water from Wolf Creek.
<u>Summary of Adjudication.</u>	Board of Investigation (File 24-18-1). Source--Wolf Creek. Intake "D" W.R.Map 6960. Quantity--Irrigation - 92 acres at 3 acre feet per acre. (276 acre feet per annum) Domestic - 1500 gallons a day. Priority--30 January, 1897.
<u>Conditional Licence.</u>	C.L. 6683 issued under B.O. 1350 in accordance with adjudication.
<u>Remarks</u>	The above licence provides for the irrigation of all the irrigable land on the reserve. An ample supply of water is available in Wolf Creek. Claim to allotment published in B.C.Gazette 20 June, 1889, was disallowed on the ground that it was based upon an uncompleted application for a water record.
